Dear Supervisors:

**AUTHORIZE THE SHERIFF TO ACCEPT A GRANT AWARD AUGMENTATION
FROM THE GOVERNOR'S OFFICE OF EMERGENCY SERVICES
FOR GRANT FUNDING UNDER THE 2005 PAUL COVERDELL FORENSIC
SCIENCES IMPROVEMENT PROGRAM AND APPROVE A REQUEST FOR
APPROPRIATION ADJUSTMENT
(ALL DISTRICTS) (4 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Authorize the Sheriff to accept a grant award augmentation from the Governor's Office of Emergency Services (OES) for grant funding in the amount of \$143,074, to secure continued education and training programs for the Sheriff's Department's (Department) forensic scientists.
2. Approve a Fiscal Year (FY) 2006-07 Request for Appropriation Adjustment in the amount of \$144,000.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Department has received a Letter of Intent to extend the current grant period and award additional funds for the Coverdell Forensic Sciences Improvement Act, henceforth referred to as the Coverdell '05 Program. The Department will receive an augmented amount of \$143,074 in grant funding. These funds, which are intended to support the Department's ongoing Paul Coverdell National Forensic Sciences Improvement Act (NFSIA) grant program, shall be utilized by the Department to secure continued education and training programs for the Department's full-time forensic scientists.

A Tradition of Service

In complying with the objective of this funding opportunity, the allocation will be used to send members of the Department's forensics staff to educational and training seminars aimed at improving the quality, timeliness, and credibility of Departmental investigations and evidence examinations. In addition to this, the Department's forensic scientists will be afforded the opportunity to learn modern, industry-specific skills and techniques, that will allow for more efficient and effective investigations.

The curriculum of the educational and training seminars, to be participated in by the Department, will include both theoretical and practical components. These components will be established and developed by the California Attorney General's Forensic Science Task Force and the National Institute of Justice. The organizational characteristics of the seminars will ensure that the curriculum is valid and reliable and will assist the Department in maintaining its American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB) accreditation.

Implementation of Strategic Plan Goals

The goal of the NFSIA grant program is providing continuing education and training for the Department's forensic scientists. This goal supports the achievement of the County's Strategic Goal 2, Workforce Excellence, and Strategic Goal 3, Organizational Effectiveness.

FISCAL IMPACT/FINANCING

The NFSIA grant program will provide \$143,074 in Federal grant funding to the Department with no match requirement. The augmented funding for this program will be included in the Department's FY 2006-07 budget. Any funds remaining at the end of FY 2006-07, will be carried over into the FY 2007-08 budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The original funding cycle for this program was for one year from January 1, 2006, through December 31, 2006. Along with awarding additional funds, OES has also extended the current grant period to October 31, 2007.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the Department receives the aforementioned grant augmentation, there will be no negative impact on the Department's current services and/or projects.
